Student Resources

Student Success Services

- Academic Advising
- Student Success Coaches
 - Success coaching is a proactive practice that helps students determine and achieve educational goals. The coaching relationship enables and supports students to make the best use of their own motivations, environment, knowledge, purpose, and external resources. Success coaching provides appropriate, intentional contact to support students in establishing and attaining goals. Not all students will engage the services of a success coach, but for those that do, success coaching works to ensure positive student experiences and outcomes. Click [here](#) to learn more about the services offered.
- Online Tutoring
